

AHILA SUNDARR

Bangalore, India | +91 7530031841 | ahilasundarr2199@gmail.com | linkedin.com/in/ahila-sundarr-b4376a187

PROFESSIONAL SUMMARY

Curiosity-driven Analytics Consultant and Decision Scientist skilled at deep-diving into complex datasets to uncover high-impact business insights and enable AI-driven decision-making. Collaborative team player adept at simplifying complex analytical solutions and translating technical data into clear, executive-ready stories. Proven track record in product adoption analytics, process optimization, data quality frameworks, and legacy-to-modern platform migrations across tech, banking, retail, and hospitality domains.

WORK EXPERIENCE

Salesforce **July 2025 – Present**
Decision Scientist *Bangalore, India*

- **Product Adoption Analytics:** Expanded product adoption analytics by onboarding 2 key products—including a **\$73M AOV portfolio expansion**—and scaled license tracking across **15,000+ active enterprise accounts** to enable executive-level visibility into activation and usage metrics.
- **Modern Platform Migration:** Contributed to the cross-functional analytics migration from legacy environments to a modern data platform by evaluating product dependencies and defining target workflows, projected to reduce debugging/bug investigation effort by **~70%** and streamline pipeline maintenance.
- **Data Quality Frameworks:** Designed and implemented automated data quality validation routines, boosting reporting accuracy by **3%** and ensuring reliable data foundations for business-critical decision-making.
- **Production Defect Remediation:** Conducted root-cause analyses (RCA) and established continuous monitoring frameworks to resolve production defects, significantly enhancing system stability and executive reporting uptime.
- **Cross-Functional Collaboration:** Partnered with Product Managers, Data Engineers, and business stakeholders to align analytics roadmaps, translate business requirements, and deliver enterprise analytics solutions.
- **AI-Driven Developer Productivity:** Integrated Claude Code into daily development workflows to accelerate SQL query optimization, automated code reviews, and ad-hoc analysis, driving a **35%+ improvement** in analytics delivery efficiency.

Wells Fargo **June 2024 – June 2025**
Analytics Consultant *Bangalore, India*

- **Process Analytics & Downtime Reduction:** Evaluated operational non-functionality across core Home Mortgage Servicing applications during weekend batch processing periods, pinpointing critical data gaps and reducing system downtime.
- **Operational Accuracy & Customer Satisfaction:** Designed targeted interventions and temporary process corrections to resolve data discrepancies, improving operational stability and process accuracy for home lending customers.

LatentView Analytics **October 2020 – May 2024**
Senior Data Analyst *Chennai, India*

- **Predictive Customer Modeling:** Developed customer spend prediction models that boosted customer retention by **20%** and drove a **30% increase** in average spend among high-value segments within 6 months.
- **Personalized Recommender Systems:** Designed and deployed an offer recommendation engine for hospitality and travel clients, increasing conversion rates by **20%** through personalized user experiences.
- **Clickstream & Journey Analytics:** Integrated Adobe Analytics variable mappings and clickstream data into machine learning pipelines, enhancing predictive accuracy by **~5%** while mapping complete customer journeys.

TECHNICAL SKILLS & COMPETENCIES

Core Skills: Exploratory Data Analysis (EDA), AI-Driven Decision Making, Problem Simplification & Storytelling, Advanced Analytics, Business Intelligence

Languages & Analytics Tools: SQL, Python, Statistics & Probability, Predictive Modeling

Data & Cloud Platforms: AWS (Redshift, SageMaker, SageMaker Studio), Adobe Analytics, Databricks

Visualization & BI: Tableau, Power BI, MS Excel, PowerPoint

AI & Developer Productivity: Claude Code, Generative AI Workflows

Domain Expertise: Product Adoption & Strategy, Home Lending / Finance, CPG, Hospitality, Travel & Retail

EDUCATION

Sri Venkateswara College of Engineering | Bachelor of Engineering in Electronics and Communication

August 2016 – September 2020

ACHIEVEMENTS & CERTIFICATIONS

- **R&R Award & Business Impact Award:** Recognized for outstanding performance and business value creation through analytics solutions.
- **Generative AI Fundamentals:** Certified by Databricks.
- **Analytics & Data Tools Coursework:** Completed coursework in SQL, Python, Tableau, Machine Learning, and Applied Statistics.
